Apologies

Mr J Tate, Ms C Tate, Mr L Outram, Mr J Bower, Mrs J Wright

Approval of minutes of meeting held on 7th September 2017

The minutes of the previous meeting were approved.

Matters arising

Full planning permission has been granted for the extra works at Yew Tree Farm (previous minutes relate)

The clerk reported that a grant application has been submitted for the defibrillator and this had been successful. A practical training pack has been received from the British Heart Foundation and £600 paid for the device itself. The vice chair listed the future implementation steps including training volunteers, obtaining a cabinet and contacting external parties such as BT and the ambulance services. An important pre-condition was that the device should not be locked and DC Sylvia Michael confirmed this was normal in other villages.

The request for road white-lining had been passed to NCC Highways

DC Sylvia Michael confirmed that phase 2 of the flood alleviation scheme was moving forward but she was not in a position to detail the stage reached. In answer to a query, she believed that the actual programme of works was in place together with the finance

The clerk had checked with DC Sylvia Michael who had no knowledge of a report on keeping dogs as pets. He had received no communication from NSDC Environmental Services.

Correspondence

The clerk reported that he had 1 item of correspondence. He referred to a requirement to appoint a Data Protection Officer (or share one) by May 2018. If anyone was interested in the detail, they could collect the correspondence from him or receive the relevant email by forwarding.

Planning: Erection of a single story rear extension and material changes to exterior: Dalehurst, Great North Road, Tuxford 17/01605/FUL

The vice chair read out details of the application and referred to plans laid out at the back of the room. Voting was 10 in favour, none against and no abstentions. It was confirmed that the applicants had been invited to the meeting.

AOB

It had been noted that work constituting phase 1 of the flood alleviation scheme (opposite the church) has been rendered ineffective due to lack of maintenance, notably grass overgrowing the water pathways. The clerk would write to NCC Highways seeking remedy.

The second tranche of the precept had been received (£850)

The winter salt supply had been ordered (5, 20kg bags)

Action was sought to allow access and repair to the banking adjacent the solar farm. DC Sylvia Michael would pass this matter to David Sisson, TVIDB's Chief Engineer. Intermittent buzzing on the land line to residents was reported and confirmed by a number of residents. The clerk was requested to contact Openreach to seek a solution.

DC Sylvia Michael confirmed that NSDC had moved into new premises in Newark and reminded residents of the open day event on October 16th at 6pm. She also reported that no problems had arisen at the latest Safer Neighbourhood Group. The next meeting will be on 11th January 2018.

The clerk, on behalf of the Parish, expressed the loss felt by the death of George Codd, a long-term resident of Egmanton. He had been laid to rest earlier today.

The next meeting will be held on 2nd November 2017 at 8pm.

The meeting closed at 8.53 pm.

Signed Chair
